

**Commission Recalled.**

United States Marshal Hall has recalled the commission of C. L. Cantley, of this city, as a deputy United States marshal. At the time matters were getting pretty warm down in Dona Ana county over the recent election, some of the interested parties became apprehensive that there would be trouble over the official canvass of the returns. Mr. Cantley was asked to go down to Las Cruces and went down. He was there at the time the returns were canvassed but had no occasion to interfere, in any way, with the proceedings.

He was not ordered there by Marshal Hall but the whole matter would probably have passed without more than a casual notice had it not been for the bitterness of feeling which has sprung up on account of the alleged election frauds in Dona Ana county. Not only has the judge of the district been severely censured but his political opponents have sought his removal on account of the position he took, and they have gone so far as to blame Marshal Hall when he had nothing to do with the election troubles in Dona Ana county at all.

**A Bad Wreck.**

The passenger train which should have arrived here last Monday afternoon was delayed a number of hours, not on account of snow at Raton but on account of the wrecking of a cattle train. Last Monday's Optic says that at Martinez canyon, down the road, last evening, occurred a very serious wreck. A cattle train of fifteen cars, the cattle belonging to Col Jas. A. Lockhart, was wrecked by the breaking of an axle in the front car. Ten cars, with their contents, were precipitated to the bottom of the canyon, some sixty feet, causing the death of over 300 head of cattle and delaying all trains for twelve hours or more. Conductor Notgrass was in charge, but no blame attached to him. John Henderson, a tramp picked up at Deming, to assist in caring for the cattle, was on top of the second car from the front. He was thrown to the bottom of the canyon and killed instantly. His body was brought to Undertaker Prigmore, of this city, but nothing could be learned of his antecedents or family.
